A R D EXPRESS INC

DOT#:1590621

Welcome to the Motor Carrier Safety Measurement System

The SMS provides an assessment of a motor carrier's on-road performance and investigation results within the Behavior Analysis and Safety Improvement Categories (BASICS). Assessments cover 24 months of activity and results are updated monthly. For current Motor Carrier Safety Ratings visit [SAFER](#) and for current operating authority and insurance information visit [Licensing and Insurance \(L&I\)](#) system.

SMS Enhancements

Effective December 2012
 SMS has been updated to
 version 3.0

USE OF SMS DATA/INFORMATION

The data in the Safety Measurement System (SMS) is performance data used by the Agency and Enforcement Community. A ⚠️ symbol, based on that data, indicates that FMCSA may prioritize a motor carrier for further monitoring.

The ⚠️ symbol is not intended to imply any federal safety rating of the carrier pursuant to 49 USC 31144. Readers should not draw conclusions about a carrier's overall safety condition simply based on the data displayed in this system. Unless a motor carrier in the SMS has received an UNSATISFACTORY safety rating pursuant to 49 CFR Part 385, or has otherwise been ordered to discontinue operations by the FMCSA, it is authorized to operate on the nation's roadway.

Motor carrier safety ratings are available at <http://safer.fmcsa.dot.gov> and motor carrier licensing and insurance status are available at <http://licensing.fmcsa.dot.gov>.
